User Testing Part 1

Purpose

The purpose of this assignment is to plan, set up, and pilot test your user test. The quality of a user test can make or break a project!

This group assignment is expected to take over 5 hours to complete in total (not individually).

What to do

Make a copy of the **user test plan template** **(https://docs.google.com/spreadsheets/d/1X5mtyZOgvL1URKZ3OS6ZYa9qMJ9pjHz_/edit?usp=sharing&ouid=107405209453681730010&rtpof=true&sd=true)** and fill it out for your project. Consult with the instructor as needed for anything unique. After completing the template, submit a link to your copy here.
